

## **Holy Communion at UCD during the pandemic**

After successful trials on how to conduct a service of Holy Communion safely under the Covid restrictions, we have now updated the procedures further:

The Minister and Stewards will continue to wear a visor/mask and gloves. Wafers, not bread, are brought round to each member of the congregation and are placed in their hands at arm's length. The congregation waits so that everyone can eat their wafers at the same time.

The Minister and Stewards then bring wine to each member of the congregation, who drink it individually as soon as it has been received. The Stewards then come round to collect the glasses as soon as possible.

We hope that you will all find this an acceptable way of enabling us to celebrate the Lord's Supper and carry out His instruction, "Do this in remembrance of me."
